Artemisia absinthium L. 70/524/EEC (tincture)	1,000 mg

Preservative:

Sodium propionate (E281)	30,000 mg
--------------------------	-----------

Recommended use

For appropriate feeding with indigestion such as altered feces consistency, flatulence and general lack of appetite.

Feeding recommendation

Add Dystan® Bolus 75 g twice daily as needed, administer with commercial donors orally.

Feeding instructions

Due to the increased content of trace elements compared to complete feed, this complementary feed may only be used up to max. 1.5 % of the daily ration fed to cattle.

Storage

Store in a dry place. Seal container well after use, so that there is no moisture. Shelf life guarantee is only valid for unopened packages at dry, cool storage (2-25 ° C).
